

## Technical Data Sheets

Propylene Glycol Monoethyl Ether (ETHOXY PROPANOL) Component	CAS #	%W/W
Propylene Glycol Monoethyl Ether (ETHOXY PROPANOL)	1569-02-4	99.0

Hazard overview: Class 3.3 flammable liquid

Routes of entry: Skin contact; eye contact; inhalation; ingestion.

Potential Health Effects :

Eye contact: May result in irritant, redness, tear.

Inhalation: Overexposure of the vapours may result in nose and lung irritation, dizzy, weakness, nausea, headache or unconsciousness.

Skin contact: May result in skin irritant, dermatitis, prolonged exposure to skin may result in deflating and cracking.

Flammability: Flammable liquid.

Flash Point : 43°C (95°F)

Flammability Limits : 1.3-12

Fire and Explosion Hazards: High temperatures can cause sealed containers to rupture due to a build up of internal pressure. Cool with water. Vapours can travel to a source of ignition (flame, electric motor, hot surface, etc.) and flash back. During a fire, irritating and highly toxic gases may be generated during combustion or decomposition.

Extinguishing Media: Water Spray, Foam, Dry Chemical, CO<sub>2</sub>.

Fire Fighting Instructions: Wear self-contained breathing apparatus.

Hazardous Combustion Product: Carbon dioxide, carbon monoxide
