|-----------------------------|------------------------|
| Product Type | Diols |
| Chemical Composition | Ethylene glycol |
| Physical Form | Liquid |
| Appearance | Transparent, Colorless |
| Product Status | COMMERCIAL |

Ethylene Glycol (Premium Grade) Properties

| Property | Value & Unit | Test Condition | Test Method |
|--------------------------------|-----------------|----------------|-------------|
| Purity, GC | > 99.80 % | | |
| Distillation range (760mmHg°C) | 196 - 199 | | |
| Water content, (KF) | < 0.10 % | | |
| Acidity AS HAC | < 0.001 % | | |
| Specific gravity (d420) | 1.1128 - 1.1138 | | |
| Fe mass fraction | < 0.00001 % | | |
| Ash content | < 0.001 % | | |
| Color, (Pt-Co) | < 5 | | |
| Aldehyde AS Acetaldehyde | < 0.0008 % | | |
